Till 12:00 checking out of hotel.

12:00 Departure to **the Krasnoyarsk Stolby Reserve.**

The Krasnoyarsk Stolby Reserve is astonishing in terms of beauty, stunning with its large-scale and diverse landscapes and unique Siberian nature. The park is located near the city of Krasnoyarsk. There is a reason for the name "the Stolby" (the Pillars). The main landmark of the Sayan spurs is the syenite rocks, that nature dictated to take the form of giant rocks with recognisable outlines of people, animals and mythological creatures, with a unique structure of passages and climbing paths. Almost all the rocks of the national park have their own names.

The bus will take you to the Naryn cordon, about 40 minutes travelling time.

Handing in your belongings to the locker.

Lunch on the territory of the national park.

Meeting with the guide after lunch. Excursion to the Central group of rocks (3 km on foot). You will see picturesque rocks of fanciful shape: "Pervyy" (The First), "Vtoroy" (The Second), "Slonik" (Elephant), "Ded" (Grandfather), "Lvinyye Vorota" (Lion's Gate), "Perya" (Feathers) and other.

Day 4.

From 06:30 Breakfast at the hotel.

10:00 Departure to the suburbs of Krasnoyarsk.

Travelling along the forest road, you can enjoy the majestic Yenisei River - one of the most full-flowing rivers both in Russia and in the world. There is a rest stop on the way at **the Tsar-Ryba observation platform**, which offers a magnificent view of the Yenisei. There is a life-size sculpture of a sturgeon in honour of the literary hero of the story of the same name by Victor Astafiev. Besides, you will visit the writer's birthplace **in the Ovsyanka village**, where the staff of the house-museum will be pleased to share with you about his life, creative work and hobbies.

Lunch in a cafe.

After lunch you will visit **the Embankment of Divnogorsk**, that in 2019 was considered to be one of the best public spaces in Russia. Then you will be waited for an external inspection of **the Krasnoyarsk Hydroelectric Power Station** dam - the second most powerful hydroelectric power plant in Russia. You will learn about the unique engineering solutions used during construction of the dam.

Further tour depends on the season of your trip:

The highlight of the day will be **a one-hour boat trip on the Krasnoyarsk Sea.**

The Krasnoyarsk region is rich and remarkable as it even has its own sea! Krasnoyarsk Water Reservoir is so called by the people due to its enormous size.

The reservoir is 388 kilometers long, its surface area is 2 thousand square kilometers, and its total volume is 73.3 cubic kilometers. A huge reservoir of pure fresh water, filled in 1960-1970, is located on the Yenisei behind the HPS dam.

(FROM JUNE TO SEPTEMBER INCLUSIVE)

The highlight of the day will be a visit to **the fun park Bobrov Log** - an ascent on a cable car to the observation deck, which provides a magnificent view of the city and the boundless taiga of the Krasnoyarsk Stolby Reserve.

This location is a family holiday and entertainment place at any season of the year: a ski resort in winter and a recreation and entertainment park in summer and off-season.

The fun park is located within the city limits, on the right bank of the Yenisei River, in the spurs of the Eastern Sayan Mountains, in the valley of the mountain river Bazaikha.

(FROM OCTOBER TO MAY INCLUSIVE)
