The Bulgakov Bar was opened in 2012 in the building of a shoe factory constructed in the

1920s. Over the years, the bar has gained great popularity among Krasnoyarsk residents and guests of the city. The eclectic interior combining vintage and Russian avant-garde, the unique bar's list full of original liqueurs and cocktails on their basis and original New Russian cuisine style gastronomy using local products and Siberian favorites allowed the Bulgakov bar to become a gastronomic landmark of the city.

*Guests will start their acquaintance with the cuisine of Yenisei Siberia with a salad with Yenisei omul, the main dish made of northern venison, dessert made of wild berries and original liqueurs and taiga herbal tea. **

Further the group departs for a city tour of Krasnoyarsk.

15:00-18:00 City tour with visiting the city's sightseeing spots.

Your acquaintance with Krasnoyarsk begins with a visit of the main city symbol - **the Paraskeva Pyatnitsa Chapel**. During the Krasnoyarsk city tour you will visit the historical part of the city with its 18th - 19th century architectural monuments, mansions of Siberian merchants and philanthropists, you will also visit the monument **to Andrey Dubensky, the founder of the city, Theatre Square** and many other places.

Guests will then enjoy a culinary program at Tunguska Restaurant, which has garnered a host of awards for its original design and culinary solutions, and was named one of the top 10 best restaurants in Russia in 2025 by the international restaurant award WHERETO EAT Russia 2025.

The starting point for the cuisine's concept is Siberian gastronomic traditions, the quintessence of the long-standing interaction between Russian cuisine and the cuisines of its closest Asian neighbors, as well as the dietary traditions of the indigenous people of the North. The menu places special emphasis on local produce sourced from throughout Yenisei Siberia, as well as on open-fire cooking techniques—in a Russian wood-fired oven and on the coals of an open grill.

Another key component of the Tunguska concept is the bold combination of Siberian gastronomic traditions with modern wine culture.

18:00-20:00 Culinary program "The Hero's Journey: Siberia - Asia" at the Tunguska Restaurant*

The set is based on the universal narrative model of a person's journey and transformation, inherent in all myths – old and new, Western and Eastern, including the legends of the people of Yenisei Siberia. Through trials and challenges, the hero finds what matters most – himself.
